

# Dead

Jackson Wang

Miss me with that busy shit  
Miss me with that I can't stay over tonight  
I don't want to wait to see you  
I just want to hug and kiss you  
And I don't know if you know this  
You can work and have fun  
You can drink and dress nice  
You can come back to mine

Cause you're not dead to the world  
You're caught up in yourself  
And it's not cool if you curve me  
Oh oh oh oh  
Oh oh oh

So, hold on, are you really dead to the world  
Slow down, you're not really dead to the world  
Right now, I'm about to take you to the house  
Be under covers, lovers, dead to the world

You told me never take your time in vain  
You got me living inside the pain  
Baby you can put your phone on the dinner table  
Go offline I need your time  
I know it's hard but you gotta be patient  
Ohh ohh

Cuz you're not dead to the world  
You're caught up in yourself  
And it's not cool if you curve me  
Oh oh oh oh  
Oh oh oh

So hold on, are you really dead to the world  
Slow down, you're not really dead to the world  
Right now, I'm about to take you to the house  
Be under covers, lovers, dead to the world
