Top down see me rolling  
On the cover of a Rolling Stone  
Nothing to something  
And the money never folding, no  
Picture me rolling  
Picture me rolling

Picture me rolling  
Like a rolling stone  
Your body my body  
Let's rock and roll

Baba said he was a rolling stone  
Now they see me I'm draped in stones  
They gon praise me even when I'm gone  
Can't teach me nothing, did it on my own

Speed it up  
No need to no waste time  
Biggest watch you ever seen in your life  
Bag it up  
Baguettes on my neck  
Gotta put some respect on the check  
She don't want secrets  
Then she don't want me, yeah  
Her friend a freak yeah  
She sleep over weekends

Top down see me rolling  
On the cover of a rolling stone  
Nothing to something  
And the money never folding, no

Picture me rolling  
Picture me rolling  
Picture me rolling  
Like a rolling stone  
Your body my body  
Let's rock and roll

Mick Jagger  
Mick Jagger  
Way I show out  
Keith Richards  
No way  
Never sold out  
Fast lane  
Fast life  
Never slow down  
If you didn't know before  
Bet you know now

Baby you was made for the limelight  
I'ma turn yo ass to a star  
Girl I know you waiting  
Till the time's right  
We could go so far

Top down see me rolling
