

# Feeling Lucky

Jackson Wang

Something about  
The way you kiss it  
Don't ever stop  
You know you started something  
You're on the spot  
I'm feeling lucky  
Go 'head and touch it  
If you want it baby keep me coming

Something about the way that it taste  
You're running your mouth at a dangerous phase  
You know what to do, and you know what to say  
Even when you're away, I'm always thinking bout' you

The way you think about me  
I think about you  
I do, it's true  
(I think about you)  
The way you think about me  
I think about you  
I do it

It's bittersweet, every time you leaving  
I say goodbye and turn around because you know I need it  
You're on my mind, and I'm feeling lucky  
So if you're thinking what I'm thinking, baby keep it coming

Something about the way that it taste  
You're running your mouth at a dangerous phase  
You know what to do, and you know what to say  
Even when you're away, I'm always thinking bout' you

The way you think about me  
I think about you  
I do, it's true  
(I think about you)  
The way you think about me  
I think about you  
I do, it's true

Knew that you were worth it  
I can feel you when you're gone  
Tripping on your circuit  
You're just like my favorite song  
'Cause when it's all over  
And the tape won't run  
I'll be glad I found you

The way you think about me  
I think about you  
I do, it's true  
(I think about you)  
The way you think about me  
I think about you  
I do, it's true

The way you think about me

I think about you  
I do, it's true  
(I think about you)  
The way you think about me  
I think about you  
I do, it's true
