

Go Ghost

Jackson Wang

I'm the same vibe different wavelengths
Wrist bust down shorty got a plain Jane
Now we at the crib playing Smash Bros Melee
Oh, she got that look got me singing like I'm Bubl 
Call the studio Dojo baby     
Austin Powers with the mojo it's my birthday
Imma need a cake Imma eat it like an entr e
She wants me to put a ring on it like Beyonc 

I can't leave you even if I tried to
Late night when I slide through
Can leave you when it's time to (when it's time)
I can't leave you even if I tried to
Late night when I slide through
Can leave you when it's time to (when it's time to)

Go ghost
When it's time to (when it's time to)
Go ghost

Imma run through these haters like I'm   
Hundred-meter dash speeding down on my own lane
I'm taking her to the crib with the cheesecake
But I can't let go even if it was a mistake
Call the studio Dojo baby     
Austin Powers with the mojo, it's my birthday
Imma need a cake Imma eat it like an entr e
She wants me to put a ring on it like Beyonc 

I can't leave you even if I tried to
Late night when I slide through
Can leave you when it's time to (when it's time)
I can't leave you even if I tried to
Late night when I slide through
Can leave you when it's time to (when it's time to)

Go ghost
When it's time to (when it's time to)
When it's time to (when it's time to)
Go ghost

Ghost
