

High Alone

Jackson Wang

People only judge you from your past
But no one knows what's in your mind
Until you do it

Need you to save me
Ohhh
I'm fading

I'm losing air
Can't be in this world alone

Who'm I supposed to get lost with
Remember we would dream now I live in it
Drunk alone don't make sense
Baby let's restart fuck the past tense

Who'm I supposed to go fly with
When my baby let me down bad
You're the only one that I see
In the morning I wanna feel
You
Won't you just tell me what's new
Fuck all the other shit
As long as I'm in it with you

My heart is broke
Just bring me home

Need you to save me
Ohhh
I'm fading

I'm losing air
Can't be in this world alone
Alone in this world
Alone in this world
Something about you
Ooohh

You're perfect
You're perfect
It's worth it
You're perfect
You're perfect
It's worth it

Need you
To save me
Ooh
Just help
Ooh, I'm fading (I'm fading)
I'm, I'm, I'm, I'm, I'm, I'm fading
Just save me
Ooh (I'm)
