Live off you
Live off you
Cuz you're mine
Oxygen
Live off you
Live off you
Cuz you're mine
Oxygen

Topless walking on the frontline with no ammo
I know I might get shot but I still go though
Go hard go hard go hard in beast mode
All I wish is the clock be ticking in slow mo
In a room with no exit
Not expecting things to be like this
Time keeps passing by
I'm just gonna slowly close my eyes
Can't breath for now I might die
Just hoping you'll be mine
Come back to my life
Come back to my life

Live off you
Live off you
Cuz you're mine
Oxygen
Live off you
Live off you
Cuz you're mine
Oxygen
Live off you
Live off you
Cuz you're mine
Oxygen
Live off you
Live off you
Cuz you're mine
Oxygen

Dive so deep in the ocean
Ain't no life-vest protection yeah
100 meters down below
Even when it's 100 hours long
Nothing matters anymore when I went down there
Staying by my side we can conquer
Maybe I can be your Aquaman
Underwater we can travel everywhere
Riding on the road
Aren't got no traffic lights
Vibing out all night long
Be my miss right
Deep in your shadow I dive
Want you to be in my life
Cuz I
Cuz I
Cuz I live off you

Live off you
Live off you
Cuz you're mine
Oxygen
Live off you
Live off you
Cuz you're mine
Oxygen
Live off you
Live off you
Cuz you're mine
Oxygen
Live off you
Live off you
Cuz you're mine
Oxygen
