Ay Ay  
Feeling like I'm speeding going downhill  
Ay ay  
Left me in this party, now it's crowded  
Ay ay  
If you're losing love for me, I'll find it  
Ay ay  
Turning every bottle upside down

I'm drowning  
Let the waves bring me back home tonight  
I know how things left off  
I'll call till you say goodbye

It's my pow-er (uh oh)  
It's my pow-er (uh oh)  
It's my pow-er (uh oh)  
It's my pow-er (uh oh)

Distance got me stressed  
Hard mornings, I can't forget  
Whiskey and heartbreak don't mix  
Some things just can't be fixed

No, I don't wanna be lonely  
Come and kiss me til the morning comes  
Don't forget what you told me  
Said you'd reach out if you saw me

Drowning  
Let the waves bring me back home tonight  
I know how things left off  
I'll call till you say goodbye

It's my pow-er (uh oh)  
It's my pow-er (uh oh)  
It's my pow-er (uh oh)  
It's my pow-er (uh oh)

Hours turn to minutes  
Turn to seconds drive me crazy  
Hours turn to minutes  
Turn to seconds drive me crazy  
Hours turn to minutes  
Turn to seconds drive me crazy  
Hours turn to minutes  
Turn to seconds drive me crazy

I'm drowning  
Let the waves bring me back home tonight  
I know how things left off  
I'll call till you say goodbye

It's my pow-er (uh oh)  
It's my pow-er (uh oh)  
It's my pow-er (uh oh)  
It's my pow-er (uh oh)
