

Slow

Jackson Wang

We can, oh-oh
Take it slow
Rising

Take it slowly
You gotta pace yourself, oh (Oh, baby)
It's me and you only
I don't want nobody else (No, no, baby)
But you gotta take it easy

Slow the pace, ain't a race, woah
I'm here all night for love, that's right
When you please me, pump the breaks
You can take your sweet time
Ease your mind and remember

When you push up on me, oh, oh, oh (Oh, oh)
Take it slow for me, daddy, go slow (Go slow)
You know I like it when you taking control (Control)
Take it slow for me, daddy, go slow (Go slow)
Slow it down, down, down (Ooh-ooh-ooh, ooh-ooh-ooh)
When you put it down, down, down (When I put it down, girl, oh)

Ain't no rush (Ain't no rush)
Only us, skin to skin, baby
Now let's pretend, baby (Let's start slower)
That we're doing this for the first time
When we were friends, baby
Remember then, baby (Let's start slower)
Said, "Take your time but make it nasty"
Girl, I'll do anything you ask me
You set the pace, the way you tease me
Then slow it down until it's nice and easy

Slow the pace, ain't a race, woah
I'm here all night for love, that's right
When you please me, pump the breaks
You can take your sweet time
Ease your mind and remember

When you push up on me, oh, oh, oh (Oh, oh)
Take it slow for me, daddy, go slow
You know I like it when you taking control
Take it slow for me, daddy, go slow
Slow it down, down, down
When you put it down, down, down
We can slow it down

Ooh, ooh, we make this night a slow ride
Ooh, ooh, passionate vibes, what you like
You and I don't need no lights
When that pressure's applied
When that pressure's applied, you just

Push up on me, oh, oh, oh (Oh, oh)
Take it slow, oh, oh, go slow (Go slow)
You know I like it when you, oh, oh, oh (Oh, oh)

Take it slow for me, daddy, go slow (Go slow)
Slow it down, down, down (Ooh-ooh-ooh, ooh-ooh-ooh)
When you put it down, down, down (Down, oh)
