TITANIC

Jackson Wang

I got your girl on panic
Iced out my wrist Titanic
Like 2-1, I'm on my savage
No airport but I claim my baggage
I'm on the run, I'm on the run
Your girl gon' choose, I'm on the up
The boy and the man yea I'm all in one
But I used to be the one that caught the bus
On that red line, I don't need transit
Only crew no friends when you see me that's it
They ain't even like me last year
Now they know my face
China on the pace
We be in the place
Damn like the K-Dot CD
They watch me like I'm on TV
Brought this shit back but I ain't got receipts
Cookin' up Bobby Flay when I'm on this beat yeah

Oh they got me in a bad place
Might crash the whip in the valet
All bout my cheese, it's a rat race
If you ain't in first you in last place

Oh they got me in a bad place
Might crash the whip in the valet
All bout my cheese, it's a rat race
If you ain't in first you in last place

20 women on me, fallin' like Titanic
Smash her til she singin', soundin' like do-re-mi
Eat me like a zombie, runnin' runnin' empty
You can see my hickie, show it to your hubby

Please don't get annoying
You be talkin' like you got a point
I got hunnids in my pocket I got hunnids from Detroit
Spend it on some things that I don't need because I do enjoy it
Don't be playin' with my feelings baby girl it's not a toy

I'm the best out, sorry that you're left out
If you thought of somethin' opposite then go ahead bounce
Never care bout nada go ahead and make me care now
Turn my feelings off and now I'm ready for my close up

Closer closer she be gettin' closer
One more step your relationship is over
Good to meet ya when you comin' over
Tryna put my hand around your itty bitty shoulder

Oh they got me in a bad place
Might crash the whip in the valet
All bout my cheese, it's a rat race
If you ain't in first you in last place

Oh they got me in a bad place
Might crash the whip in the valet

```
All bout my cheese, it's a rat race
If you ain't in first you in last place
