

## Back Down In The Dirt

Jackyl

Trailer park trash, that's what I am  
You don't like my ways, I don't give a damn  
And I feel no need to change my stride  
When you ain't got nothing there's nothing to hide

And no, I don't have nothing better to do  
And yeah, I've walked through better men than you  
So before you try to change my ways  
All the junk can go, but this yard dog stays

Back down in the dirt  
Back down in the dirt  
Where I'm supposed to be  
And it's getting good to me

Back down in the dirt  
Back down in the dirt  
Where I'm supposed to be  
And it's getting to me

Never get a leg up, keep my feet on the ground  
If you're looking for trouble then it's trouble you've found  
Don't take no schooling to educate me  
I'm all the man that I need to be

Yeah, it's easy to see where I stand  
I got my bird in the hand  
So make sure that you're ready to clash  
Don't you write a check that your ass can't cash

Back down in the dirt  
Back down in the dirt  
Where I'm supposed to be  
And it's getting good to me

Back down in the dirt  
Back down in the dirt  
Where I'm supposed to be  
And it's getting to me
