

# Grown Up

Jacob Banks

"You have two new messages"

Growing up in the big small world have you thinking you don't need your loss?

All I did was smoke up

All I did was grow up

Shit, I'm such a grownup

My Uber driver from Pakistan, he says what he has is in enough

All I did was [?] up

All I did was grow up

Oh

Shit, I'm such a grownup

If I shoot for the stars and I don't know how to land, am I lost?

Or an astronaut

If I push my minivan and I betray my macho man, am I lost?

Shit

Sliding doors

We're all on the other side

Screaming you should cross the border

We're all on the other side

Swearing we know Messiah

Ay, ay

All I did was smoke up

All I did was grow up

Shit, I'm such a grownup

All I did was [?] up

All I did was grow up

Shit, I'm such a grownup
