

Numb

Jacob Banks

Maybe it's the winter
That's got me in your ether
Maybe it's the coming age of the liquor
Maybe it's the November
Got you thinking about forever
Maybe it's the fall from grace

I'm really tryna feel something for ya
I really wanna feel

I'm really tryna feel something for ya
I really wanna feel

Maybe it's the dealer
Or the lime in your tequila
Maybe it's retrograde
Or the reefa
Maybe it's j dilla
Pouring through your speaker
Maybe it's the after taste

I'm really tryna feel something for ya
I really wanna feel

I'm really tryna feel something for ya
I really wanna feel

I'm really tryna feel something for ya
I really wanna feel

I'm really tryna feel something for ya
I really wanna feel
