

Slow Up

Jacob Banks

What I've learned from the ocean
How to dance and rejoice in the motion
Let the sun have its moment
The moon will come
What I've learned from a soldier
Every man is a son to a daughter
And we only remember
When we see the blood

Don't grow up on me
Keep that backstroke in your Afro
Don't you grow up on me
Slow up homie
Don't you grow up on me
Keep it OG sip it slowly
Don't you grow up on me
Slow up homie
Don't you show off on me
Don't you grow up on me
Show off on me

What I've learned from a traveler
There's no road that can lead to nirvana
There's a world to discover
But home is love, hmm
What I've learned from a mirror
Look too hard and you'll find you a stranger
Love is just a decision
The choice is yours

Don't grow up on me
Keep that backstroke in your Afro
Don't you grow up on me
Slow up homie
Don't you grow up on me
Keep it OG sip it slowly
Don't you grow up on me
Slow up homie
Don't you show off on me
Don't you grow up on me
Slow up homie
Don't you grow up on me

Don't grow up on me
Wear your Afro like your backbone
Don't you grow up on me
Slow up homie
Don't you grow up on me
Keep it OG sip it slowly
Don't you grow up on me
Slow up homie
Don't you grow up on me
Wear your Afro like your backbone
Don't you grow up on me
Slow up homie
Don't you grow up on me
Keep it OG sip it slowly

Don't you grow up on me
Slow up homie
Don't you show off on me
Don't you grow up on me
Don't you grow up on me
Show off on me
Show off on me
