

# All Night Long

Jacob Collier

JC, bring the beat in

Well my friends, the time has come  
To raise the roof and have some fun  
Throw away the work to be done  
Let the music play on, oh yeah yeah  
Everybody sing and everybody dance  
(Everybody) Lose yourself in wild romance

We're going to party, karamu, fiesta, forever  
Come on and sing along  
We're gonna party, karamu, fiesta, forever  
Come on, now, sing along, yeah

All night long (All night)  
All night (All night)  
All night long (All night)  
All night long (All night, all night)  
All night long (All night)  
Sing it

People dancing all in the street, yeah  
You see the rhythm in their feet, yes  
(Wiggle wiggle wiggle, woooo!)  
Life is good, good, good, wild and sweet  
Let the music play on and on and on and on, on  
Feel it in your heart and feel it in your soul  
Let the music take control

We're going to party, karamu, fiesta, forever  
Come on, let's sing, oh sing along, no, no  
Party, karamu, fiesta, forever  
Come on, it's time to sing along (Sing along)

All night long, long (All night)  
All night (All night)  
All night long, long, long, oh, oh (All night)  
All night long, long (All night)  
All night (All night)

All night

Once you get started, you can't sit down  
Come join the fun, it's a merry-go-round  
(Djessé's got a sky like a merry-go-round)  
Everyone's dancing their troubles away  
Come join the party, see how we play
