

# Bakumbe

Jacob Collier

O Bakumbe whatcha know  
Up the mountain down below  
I can feel the wind begin to blow  
So open up that old window  
Open up and let him go

Round and round the world we go  
O Bakumbe Djesse come back home  
Singin' now's the time to let him go  
Open up that old window  
Open up and let him go

O Bakumbe whatcha know  
Up the mountain down below  
I can feel the wind begin to blow  
So open up that old window  
Open up and let him go

Round and round the world we go  
O Bakumbe Djesse come back home  
Singin' now's the time to let him go  
Open up that old window  
Open up and let him go

Let him go na na  
Let him go na na oh

Ooh, Djesse let him go  
Djesse let him go  
Don't know nothin' 'bout me  
Don't know nothin' 'bout me
