

# Over You

Jacob Collier

I don't think I'm ever getting over you  
'Cause you're all I think about  
I don't think I'm ever getting over loving you

This is my light I'm gonna let it (shine)  
I could be yours I know you could be (mine)  
I been looking up, when I'm feeling down  
Somehow I know that I'm gonna be (alright)  
All of this loving gon' take me so (far)  
Up in the sky gonna shine like a (star)  
When I'm feeling blue, then I think of you  
This time I know that I'm gonna be (alright)

You are everything I need and more  
Such a feeling and I can't let go  
So put your arms around me, let me take you to the skies  
I'm never getting over you

I don't think I'll ever get over you  
'Cause you are all I think about  
I don't think I'll ever get over you  
'Cause you are all I think about  
Every time I hear you  
Calling my name  
All I think about is you

I don't think I'm ever getting over you  
Get over you  
I don't think I'm ever getting over you  
Get over you  
I don't think I'm ever getting over you
