

# Sky Above

Jacob Collier

Sky above  
What are you dreaming of?  
Seems like you're all alone  
Do you feel free?

I can see  
More than is clear to me  
So come on and open me  
Let me feel free

So open up your care  
And leave it everywhere  
And every now and then (Every now and then)  
You think of home again (Home again)  
Home was always waiting for you

I'ma gonna sing the song I long to sing  
And sing it all the way  
Gonna say yabadiyo, gonna say yabadiyo  
I'ma gonna blow the winds of change  
And sing I'll never go astray  
Gonna say yabadiyo, gonna say yabadiyo

I'ma gonna sing the song I long to sing  
And sing it all the way  
Gonna say yabadiyo, gonna say yabadiyo  
I'ma gonna blow the winds of change  
And sing I'll never go astray  
Gonna say yabadiyo, gonna say yabadiyo

(One, two, three, four)

And the world goes round  
And the world goes round (badiya's gonna take you home)  
And the world goes round, and the sky falls down  
And the world goes round  
And the world goes round, and the sky fall down  
Till the world goes round, and the sky fall down  
See the world goes round, see the sky fall down  
(And the world goes round)

Let the rain fall down, let the rain fall down  
Let the rain fall down, it's gonna be okay  
Let it all fall down when it all falls down  
Let it all fall down, it's gonna be okay  
Gonna be okay

Don't know nothin' bout me  
Box of stars in my world
