

# Woke Up Today

Jacob Collier

Woke up today my mind awhirl  
From head to toe with endless feeling  
Tried to explain just what I see  
You say to me I must be dreaming  
You called my name the way  
I wished you would in my imagination  
Now every single thing around me  
Filling me with this sensation

In my searching around  
I've seen so many faces  
Now I've found the one I needed  
And the sun is rising

I woke up today  
Like I wanted  
Since you walked my way  
Found my strength to feel it  
I woke up today  
Heaven knows it  
Found a girl who makes me see

Ahhh

Spoke up today about the things in my life  
I didn't think I needed  
They flew outside my window pane now  
Pain is not to be kept a secret  
These walls are built for no resemblance  
To the things I treasured dearly  
And now the thoughts just clear the way  
Oh baby I see you don't need me

In this crazy old world  
I've been so many places  
Seen how we're all gonna need some shelter  
When the sun is sinking

I woke up today  
Like I wanted  
Since you walked my way  
Found my strength to feel it  
I woke up today  
Heaven knows it  
Found a girl who makes me see

I woke up today  
Like I wanted  
Since you walked my way  
Found my, found my strength to feel it  
I woke up today  
Like I wanted  
Since you walked my way  
Found my, found my strength to feel it  
I woke up today  
Like I wanted  
Since you walked my way

Found my, found my strength to feel it

I woke up today

Like I wanted

Since you walked my way

(Just like I wanted to)

Found my strength to feel it
