Jacob Latimore

Yeah  
Lemme hear ya say  
Ah yeah  
Ah yeah  
Ah yeah  
Yeah  
Lets Go

I walked in the room like a mack  
Headed to the back  
I ain't never seen it like that  
Hair long down to her crack  
hol' up  
Hair long down to her back  
Yeah I ain't trynna sound like a stalker  
Come walk girl  
I just wanna talk to ya  
Yo ex-man lost ya  
And he mad cause you fly and you bossed up

I ain't never met a girl like you  
No, you make me wanna do thangs  
Put a ring up on your ring finger we could do thangs  
You could be my new boo thang  
Come here let me know  
All around the world, London to the gulf  
Whatever you want  
Let me know  
I ain't thinking bout the price  
All my haters they be tripping' off the ice

I wanna spend it all on you  
Spend it all on you  
Cause its something that you do  
Make me wanna make a move  
And I swear  
Wanna trick it out on you  
Trick it out on you  
But its something bout your a\$\$  
That make me wanna blow them stacks

And if you want it say  
Ah yeah  
Ah yeah  
Ah yeah  
Say ah yeah  
You bad and you know it  
You ain't gotta front and you the coldest  
Come let me blow this  
Ah yeah  
Ah yeah  
Ah yeah  
Ah yeah  
You bad and you know it  
You ain't gotta front and you the coldest  
Come let me blow this on you

So come a little closer  
Cause I really wanna know if you can move  
And maybe I can hold ya  
If you wanna go back to my room  
Any girl with a walk like that  
I swear, makes me wanna get you to this bed  
And have a long night  
Get ya act right  
Cause I just might school ya

I ain't never met a girl like you  
No, you make me wanna do thangs  
Put a ring up on your ring finger we could do thangs  
You could be my new boo thang  
Come here let me know  
All around the world, London to the gulf  
Whatever you want
