

Company

Jacob Latimore

Company
That's all I need
It's you and me
Like a lock and key
You give me love, you give me loyalty
I'll give you every single part of me

Remember how we used to be
You were this freak in the sheets
I was the king in the streets
And now I ain't got nowhere better to be
Your company
Is making me drop to me knees

Something this right can't be wrong

I know you see me stuck at this fork in the road
And I don't know which way I'm supposed to be going
But I don't care where we end up
I just want your company

I know you see me stuck at this fork in the road
And I don't know which way I'm supposed to be going
But I don't care where we end up
I just want your company, yeah

Like my favorite song, you got me stuck on repeat
I'ma make you finish what you started with me
I might not be perfect, but you're flawless to me
You're a star, girl, ah

Please remember how we used to be
You were this freak in the sheets
I was the king in the streets
And now I ain't got nowhere better to be
Your company
Is making me drop to me knees

Something this right can't be wrong

I know you see me stuck at this fork in the road
And I don't know which way I'm supposed to be going
But I don't care where we end up
I just want your company

I know you see me stuck at this fork in the road
And I don't know which way I'm supposed to be going
But I don't care where we end up
I just want your company
