You know all the beauty's in the details

Taking yo time to get fleeky  
Eyeliner make it look easy  
They gone dry in your drip  
Do your hair while you sip  
If you come out that towel it's just might go down  
Still dripping cause you just got out the shower  
Still naked and it's been about an hour  
You get side tracked  
So you do a side twerk  
I get nasty yea  
You know just how my mind work  
Can't get no hugs don't want no make up on my t-shirt  
Before you post it on IG you show me first  
No foundation is just highlights  
This the type of shit that I like
