

Step

Jacob Latimore

Baby, let me set the vibe
'Cause I can't escape the feeling
When the tempo's hitting right
Let me show you it feels, oh

Watch me step, step, step, step, step, step, step
Catch your breath, breath, breath, breath, breath, breath
Baby, just watch me step, step, step, step, step, step, step
Catch your breath, breath, breath, breath, breath, breath

Baby, just watch me go, o-oh, o-oh, o-oh
Baby, just watch me go, o-oh, o-oh, o-oh
Baby, just watch me go, o-oh, o-oh, o-oh
Baby, just watch me go, o-oh, o-oh, o-oh

I see you coming in hot
These clothes don't mean nothing
Show me, show me, show me love
Can we keep going up
From the back to the front, o-oh

Watch me step, step, step, step, step, step, step
Watch me step
Catch your breath, breath, breath, breath, breath, breath
Baby, just watch me step, step, step, step, step, step, step
Catch your breath, breath, breath, breath, breath, breath
Baby, just watch me

Fuel in my fire
Taking me higher, oh
Your desires
Giving me life, oh
Fuel in my fire
Taking me higher, oh
Your desires
Giving me life

Go, o-oh, o-oh, o-oh
Baby, just watch me go, o-oh, o-oh, o-oh
Baby, just watch me go, o-oh, o-oh, o-oh
Baby, just watch me go, o-oh, o-oh, o-oh

Watch me step, step, step, step, step, step, step
Catch your breath, breath, breath, breath, breath, breath
Ooh, catch your breath, watch me
Baby, just watch me step, step, step, step, step, step, step
Catch your breath, breath, breath, breath, breath, breath
Oh, baby, catch your breath
Baby, just watch me

Fuel in my fire
Taking me higher, oh
Your desires
Giving me life, oh
Fuel in my fire
Taking me higher, oh
Your desires
