

Tuck You In

Jacob Latimore

Oh, whoa
Yeah
Yeah, yeah
Ooh, oh
Yeah, yeah
What, VEDO, baby
Mmm

Tuck you in, tuck you in, yeah
Wet, just like a stream
Sweet just like your dreams, yeah
Me all over you
That skin-to-skin
After round three, you're through
I'ma tuck you in, babe
Tuck you in, tuck you in, yeah
We more than a friend
You ain't gotta pretend, yeah
Me all over you, that's skin to skin
After round three, you're through
I'ma tuck you in, babe

Girl, you stacked up
I ain't know you had it like that
Like a Mack truck
Hit it, beep, beep, when you back, back (Yeah)
Girl, I need that
Don't hold out on me
Where your freak at?
That's what I'm tryna see

We can go half on a baby
I'm too rich for a maybe
Both too drunk for the safety
Both, both too drunk for the safety
We 'bout to get into something
Let's say our goodbyes in the morning
In the meantime, in between time
Let's have a little you and me time

No, we don't have to leave here alone
Ain't no shame in what we do, girl, we grown
Yeah, you know that I'm what you need, and you're what I want
Baby, show me to your room, you know what I came to do, yeah

Tuck you in, tuck you in, yeah
Wet, just like a stream
Sweet, just like your dreams, yeah
Me all over you
That's skin to skin
After round three, you're through
I'ma tuck you in, babe
Tuck you in, tuck you in, yeah
We more than a friend
You ain't gotta pretend, yeah
Me all over you
That's skin to skin

After round three, you're through
I'ma tuck you in, babe

Nap time
Ass so fat, I can see it from the front side (Uh-huh)
So fine, had to double back 'cause I need it both times
You got something that I want, girl
I can't wait to put it on you
I'm all in your mental, when I'm with you
Bend you up, Jiu-jitsu (Ooh-yeah)

Yeah, kissing on your melanin (Yeah)
You gon wanna tell your friends (Yeah)
Shit like melatonin
Girl, go put your phone on DND
When it's you and me
Making love, forehead kiss when I pack you up
Right before I

Tuck you in, tuck you in, yeah
Wet, just like a stream
Sweet just like your dreams, yeah
Me all over you
That's skin to skin (Yeah)
After round three, you're through
I'ma tuck you in, babe
Tuck you in, tuck you in
Tuck you in, I'm gon' tuck you in
We more than a friend
You ain't gotta pretend, yeah
Me all over you
That's skin to skin
After round three, you're through
I'ma tuck you in, babe
