

# Underneath You

Jacob Latimore

Pullin' on your hair  
Your weave gettin' tangled  
Panties 'round your ankles  
My fallen angel  
My shootin' star  
I can see your halo  
When you give me halo  
Backseat of my car  
Wherever we are  
Wish that you could see you from this angle  
I wanna tell your mama thank you

It takes two to tangle  
Head so good like Kangols  
Pineapples and mango  
Your drip taste like mango  
This money, this money, this money, this money, this money right here I spend on you  
Girl, you got it  
In the A downtown, ride 'round, top off in my Jeep just thinkin' 'bout you  
You know you got it, babe

When I'm lyin' underneath you  
Ooh, you look so pretty from up here  
The way you lookin' down  
Your pussy so wet, think I'm 'bout to drown  
When I'm lyin' underneath you  
Ooh, you look so pretty from up here  
The way you lookin' down  
Your pussy so wet, think I'm 'bout to drown

Got me on your skin like lotion  
Wetter than the ocean  
We do it slow motion  
Speed it up, we coastin'  
Kiss a little lower while you wet it, baby  
Put my name up on your body, get you tatted, baby  
I'm talkin' right now  
I'm talkin' trips to Vegas  
I'm talkin' face down up in the penthouse  
You the greatest

It takes two to tangle  
Head so good like Kangols  
Pineapples and mango  
Your drip taste like mango  
This money, this money, this money, this money, this money right here I spend on you  
Girl, you got it  
In the A downtown, ride 'round, top off in my Jeep just thinkin' 'bout you  
You know you got it, babe

When I'm lyin' underneath you  
Ooh, you look so pretty from up here  
The way you lookin' down  
Your pussy so wet, think I'm 'bout to drown  
When I'm lyin' underneath you

Ooh, you look so pretty from up here  
The way you lookin' down  
Your pussy so wet, think I'm 'bout to drown

Got me switchin' up my player ways for you  
I'ma let 'em all go just for you  
Bae, I done let 'em go just for you, yeah  
Baby, I need you, I need you ASAP  
Ooh, yeah  
Baby, I need you, I need you ASAP  
I need you ASAP  
Baby, I need you, I need you ASAP  
A-S-A-P  
Baby, I need you, I need you ASAP  
Ooh-oh

When I'm lyin' underneath you  
Ooh, you look so pretty from up here  
The way you lookin' down  
Your pussy so wet, think I'm 'bout to drown  
When I'm lyin' underneath you  
Ooh, you look so pretty from up here  
The way you lookin' down  
Your pussy so wet, think I'm 'bout to drown
