

WIN WIN

Jacob Latimore

Stay until the morning time
And if we fuckin', baby, keep it lowkey
Race to the finish line
I finally met somebody more my speed

Do you really think I couldn't see it on your eyes?
Girls always tryna take a nigga by surprise
But this time
It's mine

All I know is
You finna make me lose my mind
All I know is
I'm gonna make you say it's mine

Could it be love?
Could it be lust?
Girl, that's just us
Ride it like a pony
Baby, shut up
Don't interrupt
Until we're done
Don't lose focus, keep your eyes on me
Tonight
Let's take
Our time
Maybe it's love
Maybe it's lust (Oh, no)
Either way, it's still a win-win

Yeah, uh

No need to hesitate (Hesitate)
No need to worry, we both want the same thing
We don't have to complicate (And, oh)
I'll get you wet, now let's get lost at sea
Girl, you got something that I can't replace
Started out slow, now let's pick up the pace
'Cause tonight
It's mine

All I know is
You finna make me lose my mind
All I know is
I'm gonna make you say it's mine

Could it be love?
Could it be lust?
Girl, that's just us
Ride it like a pony
Baby, shut up
Don't interrupt
Until we're done
Don't lose focus, keep your eyes on me
Tonight
Let's take
Our time

Maybe it's love
Maybe it's lust (Oh, no)
Either way, it's still a win-win

Either way, it's still a win-win
Either way, it's still a win-win
Either way, it's still a win-win
