

Break From You

Jacob Lee

Tell me, are you here in the moment?
Don't you worry, nothing you say will phase me
'Cause there is an off-chance
You and I were never the type
To live out a lie
Just to see it through
I don't want to call you tonight

I don't wanna be the one to tell you

You don't deserve my romance
I think it's time I pulled back
To uncover something
That I never felt with you (I feel for you)
'Cause I am afraid I've lost track
Of everything you've done
There is nothing left for me to do
I need a break from you

I think we are better off lonely
Kinda hate to say it, but that's okay with me
'Cause you and I both know
Love was never really for us
It wasn't the drug
They told us it was
We don't overdose anymore

I don't wanna be the one to tell you

You don't deserve my romance
I think it's time I pulled back
To uncover something
That I never felt with you (I feel for you)
'Cause I am afraid I've lost track
Of everything you've done
There is nothing left for me to do
I need a break from you

You know we could be alright
But you would rather live a lie
Even if you make up your mind
(Even if you make up your mind)
There's nothing you can say to me
To make me wanna keep the peace
I know that it's hard to believe
(I know that it's hard to believe)

That you don't deserve my romance
I think it's time I pulled back (Oh)
'Cause I am afraid I've lost track
Of everything you've done
There is nothing left for me to do

You don't deserve my romance
I think it's time I pulled back
To uncover something
That I never felt with you (I feel for you)

'Cause I am afraid I've lost track
Of everything you've done
There is nothing left for me to do
I need a break from you
