Jacob Lee

I found love in a moment  
I watched your breath as it touched the wind  
As it painted the open air  
And it came to rest on my skin  
I don't know if you noticed  
But I found my heart in that moment

As we stood by the ocean  
You reached for my hand and you said my name  
Every word I heard poetry  
I saw laughter upon your face  
I don't know if you noticed  
But I left my heart in that moment

With your arms on my shoulders  
And that look in your eyes  
I knew you and I were the same  
There I danced in your aura  
Where you led me inside  
Guiding me into somewhere safe  
I've found home (Ohh, ohh)  
I've found home

I've found home  
There we lay by the water  
Almost asleep as I heard you say  
"I don't know if we're meant to be  
Though this certainly feels like faith"  
I don't know if you noticed  
But I fell in love in that moment

With your head on my shoulder  
And that look in your eyes  
I knew you and I were the same  
There I danced with your aura  
As you led me inside  
Guiding me into somewhere safe  
I've found home (Ohh, ohh)  
I've found home  
I've found home (Ohh, ohh)  
I've found home

I've found home  
In my arms as you wake up (Home)  
In each direction this takes us (Home)  
In every breath that I make, I'll know  
I've found home, I've found home  
Whether we lie in or stay up late  
I feel like we could just talk for days  
Through every hour I lie awake, all I know  
Is I've found home (Ohh, ohh)  
I've found home  
I've found home (Ohh, ohh)  
I've found home
