

# Replica

Jacob Lee

You won't catch up to me  
Say I'm delusional, well shit, I agree (yeah)  
You look fatigued  
Must be tiring to see me succeed, so

Tell me baby  
Tell me baby  
What's it like to be with a carbon copy of me?  
Disobey me  
Underrate me  
I've surpassed every one of you who tried to defeat us

Bro, we never met  
Don't pretend  
Like you and I were ever friends  
One more step  
You're leaving in an ambulance  
How'd you get this address? (woah)

One more word and I will gladly be the instigator  
Your obsession is impressive, even scared the neighbours  
Alright, I've been patient long enough  
Tonight, we find out who's the replica

You won't catch up to me  
Say I'm delusional, well shit, I agree, yeah  
You were deceived  
Hoodie up 'cause I prefer the mystique

What  
Is it you want?  
I'm not benevolent, so watch  
Who you piss off  
You'll never live up to the hype  
So I guess I caught  
A puppet, doll, a figurine, you're nothing more than just a prop  
What a fraud

(Oh)  
I can sense your jealousy, every time you talk  
I think I have a remedy

(Yeah)  
(Woah)  
(Hah)  
(Yeah)

Shit, I'm seeing red again (seeing red again)  
Always acting like you're fucking heaven sent  
Flimsy, fragile halo on your head like you are innocent (innocent)  
Though I can see the horns instead, maleficent (what, yeah)  
Tell me how ya  
Tell me how you live, like this? (how you live like this?)  
Kinda odd that don't you have to think about it (oh, yeah)  
Tell me how you live, (tell me how you live) like this?  
I am done with your facade (tell me how you live with your facade?)

You won't catch up to me  
Say I'm delusional, well shit, I agree, yeah  
You look fatigued  
Must be tiring to see me succeed
