

## With You

Jacob Lee

I'd travel the world with you  
Cause I know where you'd go  
And I know you've wanted to  
Since I let you close  
And I see the water  
As we fly to Rome  
If we have a daughter  
I'll make sure she knows

That we are only young, but we hope that we're enough  
And we were so surprised, with all the things you taught us  
Until the day arrives, where you don't fit in my arms  
I only hope you grow up knowing that you are loved

She said, I'd wait  
I said, I'd stay  
As long as you marry me

I would travel the world with you  
You just have to ask  
Perhaps we should plan it through  
With three seats at last  
And I feel the water  
As we run a bath  
For our three month old daughter  
Who's just learnt how to laugh

And time is moving slow, but you've been growing so fast  
And you were born with eyes that help us understand love  
Until the day arrives where you no longer need us  
Know you are the best thing that's ever happened to us

She said, I'd wait  
I said, I'd stay  
As long as you marry me  
I said, maybe  
You'll come with me  
And we'll start a family
