

# By Your Side

Jacob Sartorius

Give me your hand  
Give me your hand  
I'll take the lead

Wherever I go, ever I go  
You're comin' with me  
Let's get away, let's get away  
Tell me you'll follow  
Let's live in the now, live in the now  
Like there's no tomorrow

Oh oh  
We ride together  
Like waves in the ocean  
Hold you down through whatever  
To wherever we going  
Every day  
Every night  
I'll be the sun and the stars in your sky  
No matter what happens  
I will be by your side  
I will be by your side  
I will be by your side  
I will be by your side

I got your back, I got your back  
Ain't gonna front  
When you break in two, you break in two  
I'll be the one  
I'm on your left, I'm on your right  
I'm all around you  
We got the key, we got the key  
You know we can't lose

Oh oh  
We ride together  
Like waves in the ocean  
Hold you down through whatever  
To wherever we going  
Every day  
Every night  
I'll be the sun and the stars in your sky  
No matter what happens  
I will be by your side  
I will be by your side  
I will be by your side  
I will be by your side

Wherever you go  
You in my heart tonight  
Wherever you go  
You in my heart  
You in my heart  
You in my heart  
Wherever you go

I will be by your side

Right by your side, right by your side  
I will be by your side  
Right by your side, right by your side  
I will be by your side  
Right by your side, right by your side  
I will be by your side  
Right by your side, right by your side  
I will be by your side
