

## Cozy

Jacob Sartorius

Pretty blue eyes can I get your name  
Yeah I'm sorry for staring  
But I just could look at your for days and days  
And now I gotta know why you're here alone  
Cause I know how to fix that  
Imma be bold, can I get you close to me

Hey hey, it's the same same  
The snow won't go away and it sucks outside  
Baby it's okay, I know a great place where we can go and hide  
Oh step inside get to know me  
Cause nobody needs to be lonely  
And turn the lights low, fireplace on  
Let it go on and on and on  
So step inside, get to know me  
And we could get cozy  
Yeah we could get, we could get  
And we could get cozy

Pretty blue eyes can I take your hand  
Can we go for a sleigh ride  
What can I say to make you break your plans  
And let all your friends wonder where you went  
While we dance in the moonlight  
We're having fun and there's nothing wrong with that

Hey hey, it's the same same  
The snow won't go away and it sucks outside  
Baby it's okay, I know a great place where we can go and hide  
Oh step inside get to know me  
Cause nobody needs to be lonely  
And turn the lights low, fireplace on  
Let it go on and on and on  
So step inside, get to know me  
And we could get cozy  
Yeah we could get, we could get  
And we could get cozy
