

# For Real

Jacob Sartorius

I'm all alone  
I'm by myself  
I got problems  
Can't you tell?  
I need help  
But you're not around left me here  
I'm on the ground

I lie lie lie lie  
Tell everybody that  
I'm fine fine fine fine  
Even though I'm dead inside I don't feel alright

Show me something real  
I don't know how to feel  
I just wish I had somebody with me that's for real  
You'd probably break my heart and leave me empty for the thrill  
But I'm so numb I just want to feel something  
That's for real

Show me something real  
I don't know how to feel  
I just wish I had somebody with me that's for real  
You'd probably break my heart and leave me empty for the thrill  
But I'm so numb I just want to feel something  
That's for real

What's real  
For real  
The simulation's glitching  
And my heart is broke  
A piece is always missing when I talk  
You don't  
Ever seem to listen  
You're always getting high maybe that's the reason why

I lie lie lie lie  
Tell everybody that  
I'm fine fine fine fine  
Even though I'm dead inside I don't feel alright

Show me something real  
I don't know how to feel  
I just wish I had somebody with me that's for real  
You'd probably break my heart and leave me empty for the thrill  
But I'm so numb I just want to feel something  
That's for real

Show me something real  
I don't know how to feel  
I just wish I had somebody with me that's for real  
You'd probably break my heart and leave me empty for the thrill  
But I'm so numb I just want to feel something  
That's for real

I lie lie lie lie  
Tell everybody that

I'm fine fine fine fine  
Even though I'm dead inside I don't feel alright

I lie lie lie lie  
Tell everybody that  
I'm fine fine fine fine  
Even though I'm dead inside I don't feel alright

Show me something real  
I don't know how to feel  
I just wish I had somebody with me that's for real  
You'd probably break my heart and leave me empty for the thrill  
But I'm so numb I just want to feel something  
That's for real

Show me something real  
I don't know how to feel  
I just wish I had somebody with me that's for real  
You'd probably break my heart and leave me empty for the thrill  
But I'm so numb I just want to feel something  
That's for real
