Hooked On A Feeling

Jacob Sartorius

I think about you when I go to New York
I think about you when I brush my teeth
When I come home late and pass out on the floor
I dream of you, dreaming of me

And I know you know but I play it cool
Cause I hate to screw up good vibes like these
And I you know you know but I thinking too much
Cause I hate to screw up good vibes like these

Girl you really got me hooked on a feeling
So high, I hit the ceiling and I don't wanna come back down
Do you feel it too? You hooked on a feeling
This might just be the real thing and never come back down
Stay up with me, up with me

Do you think about me out in California?
Do you think about me when you comb your hair?
When you're alone and you're passing out late night
Do you wish I was there? I wish I was there

And I know you know but I play it cool
Cause I hate to screw up good vibes like these
And I you know you know but I thinking too much
Cause I hate to screw up good vibes like these

Girl you really got me hooked on a feeling
So high, I hit the ceiling and I don't wanna come back down
Do you feel it too? You hooked on a feeling
This might just be the real thing and never come back down
Stay up with me, up with me

When I hear that song I'm just thinkin' about you
Alone in my room, tell me what could I do
When I hear that song I'm just thinkin' about you, you

Girl you really got me hooked on a feeling
So high, I hit the ceiling and I don't wanna come back down
Do you feel it too? You hooked on a feeling
This might just be the real thing and never come back down
Stay up with me, up with me...
