

# SLEEP WHEN I'M DEAD

Jacob Sartorius

Do you ever think about the times that we had?  
I do 2 and they make me sad  
Got new friends and you gotta new boyfriend  
I don't think you love him  
I stay up and brush it off  
Cause it won't be long till I get a call  
I'll get sleep maybe when you're gone  
Or maybe when I'm 6 feet down I'll get the sleep I want  
(Yeah)

I'll catch up on sleep when I'm dead  
That's probably better baby  
Stay up late and drink with your friends  
We ain't got forever baby  
Get out get out  
You said you're on the way now  
Get up get up  
You got me wide awake so  
I'll catch up on sleep when I'm dead  
That's probably better baby

You taught me how to chill, how to let it go  
But I be overthinking still it's typical  
You're giving me a thrill when you take it slow  
In the back of my mind I'll always know you're danger  
Turn the music up piss off the neighbors  
Take a couple shots without a chaser  
You say nothing matters when we're 6 feet down, 6 feet down  
(Yeah)

I'll catch up on sleep when I'm dead  
That's probably better baby  
Stay up late and drink with your friends  
We ain't got forever baby  
Get out get out  
You said you're on the way now  
Get up get up  
You got me wide awake so  
I'll catch up on sleep when I'm dead  
That's probably better baby

(Get out get out you said you're on the way now)

I'll catch up on sleep when I'm dead  
That's probably better baby  
Stay up late and drink with your friends  
We ain't got forever baby  
I'll catch up on sleep when I'm dead  
(When I'm dead, when I'm dead)  
I'll catch up on sleep when I'm dead  
(When I'm dead, when I'm dead)  
I'll catch up on sleep when I'm dead  
(When I'm dead)  
I'll catch up on sleep when I'm dead  
That's probably better baby
