YouTube and barbecue chips
Late night I always be doin that shit
YouTube and barbecue chips
Fuck my problems I could get used to this

YouTube and barbecue chips
Late night I always be doin that shit
YouTube and barbecue chips
Fuck my problems I could get used to this

I been getting high
And layin' low
Tryna free my mind
And let it go
Never really chilled like this before
Never really feeled like this before

I been making love to Dominos
Chillin with a girl, said vomanos
That's the way it goes
I ain't even mad
Extra time for me to have some

YouTube and barbecue chips
Late night I always be doin that shit
YouTube and barbecue chips
Fuck my problems I could get used to this

YouTube and barbecue chips
Late night I always be doin that shit
YouTube and barbecue chips
Fuck my problems I could get used to this

All these girls are crazy
Chips never change
They always stay the same
They always on my brain
Ain't fuckin with the lames
I'm fuckin with the lays
Cuz nothin ends a day
Like chips in my veins

Video to video
Headed - straight down a rabbit hole
Get it - I shout geronimo
Get it
Extra time for me to have some

YouTube and barbecue chips
Late night I always be doin that shit
YouTube and barbecue chips
Fuck my problems I could get used to this

YouTube and barbecue chips
Late night I always be doin that shit
YouTube and barbecue chips
Fuck my problems I could get used to this

YouTube and barbecue chips
Late night I always be doin that shit
YouTube and barbecue chips
Fuck my problems I could get used to this

YouTube and barbecue chips
Late night I always be doin that shit
YouTube and barbecue chips
Fuck my problems I could get used to this
