

Hold on Honey

Jacob Whitesides

I know I could be anyone but I don't know who I should be
I'm heading nowhere fast but God knows that I tried everything
It's been a long way down
Such a long way down

So hold on honey don't you let me go
I am barely hanging by the end of my rope
Hold on honey don't you let me fall
Pick me up, pick me up
I need a miracle

I wish I knew if it is what I've done or what's been done to me
Am I a victim or the author of my own misery
It was a long way down
Such a long way down

So hold on honey don't you let me go
I am barely hanging by the end of my rope
Hold on honey don't you let me fall
Pick me up, pick me up
I need a miracle

I need, I need, I need, I need a miracle

You are the only light I see
Breaking through a galaxy that's growing dim
You are the sound of melodies
You're the sweetest symphony of hope
That leads me home

So hold on honey don't you let me go
I am barely hanging by the end of my rope
Hold on honey don't you let me fall
Pick me up, pick me up
I need a miracle
