

losing a friend

Jacob Whitesides

It's hard to let go when you know it's the end
And the only way to stay together is to keep faking it
Forever and always turns to never again
When you're not just losing a lover, you're losing a friend

Nobody knows the way to love me like you do
Nobody seen the things you seen in me
Chose to look right through
Nobody's found my fears, held my tears
When my world is caving in
I'm not just losing a lover, I'm losing a friend

From nothing to something, from something to gone
We took a chance took it one step further
Just to lose it all
And we've been saying goodbye without saying a word
When you're not just losing a lover, that's when it hurts

Nobody knows the way to love me like you do
Nobody seen the things you seen in me
Chose to look right through
Nobody's found my fears, held my tears
When my world is caving in
I'm not just losing a lover, I'm losing a friend

Was it all just a dream?
Was it all just a dream?

Was it all just a dream?
(More than a dream, more than a dream, more than a dream)
Was it all just a dream?
(More than a dream, more than a dream, more than a dream)
Was it all just a dream?
(More than a dream, more than a dream, more than a dream)
Was it all just a dream?
(More than a dream, more than a dream, more than a dream)
Was it all just a dream?
(More than a dream, more than a dream, more than a dream)
