

Open Book

Jacob Whitesides

I, I know I come across like a mystery
But I, I wanna share with you every piece of me
There's so much conversation in the way we touch
Motivated by what we could become
The center of the sun

I'm an open book
You can learn
You can look
If you let me hold you
Girl you hold the key to unlock all of me
If you let me hold you
Is it yes?
Is it no?
Should I stay?
Should I go?
I'm an open book
You can learn
You can look
If you let me hold you

I, I got one foot in but there's one still out
'Till I, I know I'm something that you care about cuz
There's so much conversation in the way we touch
Motivated by what we could become
The center of the sun

I'm an open book
You can learn
You can look
If you let me hold you
Girl you hold the key to unlock all of me
If you let me hold you
Is it yes?
Is it no?
Should I stay?
Should I go?
I'm an open book
You can learn
You can look
If you let me hold you

These walls I built won't stand their ground
Ashes ashes they're falling down
Set it in stone you'll stick around
Ashes ashes fall down

I'm an open book
You can learn
You can look
If you let me hold you
Girl you hold the key to unlock all of me
If you let me hold you
Is it yes?
Is it no?
Should I stay?
Should I go?

I 'm an open book
You can learn
You can look
If you let me hold you

I 'm an open book
You can learn
You can look
If you let me hold you
Girl you hold the key to unlock all of me
If you let me hold you
Is it yes?
Is it no?
Should I stay?
Should I go?
I 'm an open book
You can learn
You can look
If you let me hold you
