Why?

Jacob Whitesides

Invisible, you saw right through me
Like a wrecking ball, the impact threw me
I know where I went wrong thinking you need saving
I knew it all along, I'm the loose wheel shaking

Why we try
You got me wondering
Why we try
We can't keep changing
You got me wondering
Why we try

Invincible you shot right through me
Unsinkable but I'm drowning quickly
I know where I went wrong thinking you need saving
I knew it all along, now I'm overthinking

Why we try
You got me wondering
Why we try
We can't keep changing
You got me wondering
Why we try

Why?
You got me wondering
Why?
You got me wondering

Why we try
You got me wondering
Why we try
We can't keep changing
You got me wondering
Why we try
You got me wondering
You got me wondering
You got me wondering
