All I Know

Jacquees

I won't stop running, money won't stop coming
I won't stop running, money won't stop coming
Look, breathe, yeah!
OK, let go!

Oh, oh, oh
OK, let go!
They're about nothing, always fighting
I'm getting money, this is all I know, know
I can't say they're about nothing, I'm about something
I'mma keep running, this is all I know!

I won't stop running, money won't stop coming
I won't stop running, money won't stop coming

I am bulletproof, but you ain't eaven
Niggers making promises, but they don't keep 'em
Clothes matching the tune, the tune matching the shoes
The shoes matching the hat, so...
They're Michael Jackson, I'm bad!
All these little chicks niggas... I had
My bed, my swag, outcast stands out
I guess that's why my flow so...
Man, these nigga sweet, weak, not man
Dressed in all black...
Kidnap up your family for no ransom
Look at your boy, momma, so handsome
What you're doing? Gangsta rapping, no dancing
I'm a... and you're blind for sure
Sail underground... so down to earth!
... while I'm trying to float...
Girl, I thought you had love for me
Every day we're on, we got it...

They're about nothing, always fighting
I'm getting money, this is all I know, know
I can't say they're about nothing, I'm about something
I'mma keep running, this is all I know!

Yeah, I'm democratic but I'm living lavish
Last night we went to magic, it was cinematic
I wish I had a main girl, that I can spend this cash with
The bitch don't tell you that they lie you till you're in a casket!
So I act like I don't know 'em
You can't trust these...
I used to be a nice guy, I will ride...
Treat a woman with respect that will pardon my decorum
But now they call my phone, and I can't do shit for 'em
Friends will stab you in your back, like a pregnant bitch up and down
Haters is like... so ain't no...
Let up a couple shots... show them that!

They're about nothing, always fighting
I'm getting money, this is all I know, know
I can't say they're about nothing, I'm about something
I'mma keep running, this is all I know!
Man, I say they're about nothing, I'm about something

I'mma keep running, this is all I know
Won't stop running, running, won't stop running
I won't stop getting money, I won't stop coming

... Skip in the lies, and now my home is fire
I see you're watching, I see you're watching,
I see you're watching, nigga
I see you're watching me now
And you can come and take that
And I won't stop chasing this money
I'mma get money, cause this is what I know

They're about nothing, always fighting
I'm getting money, this is all I know, know
I can't say they're about nothing, I'm about something
I'mma keep running, this is all I know!
Man, I say they're about nothing, I'm about something
I'mma keep running, this is all I know!
