Jacquees

This one for them girls
This one for them girls
Dark skin, light skin, skinny, thick girls
This one for them girls
This one for them girls
Dark skin, light skin, skinny, thick girls

When you need it girl, when you want it
I'll be right here
Come and see me, girl
I've been patient and you waiting
How you want it girl?
Your body's been calling I know
When you're with me girl
Ain't nobody judging we just kicking it
So just let down your walls, I'm a break you in
So let me hold you tight girl (oh yeah)
It's the right time so let's make good loving
Drinks up on the rocks so you know what's coming
Even when the sun comes up, we keep going
So let's not waste no time
Let's not waste no time

Don't you know now is the perfect time to set the mood
So baby come stay with me
Tonight girl it's all on you
I'm a show you what I came to do
I Bet I
Bet I make you weak, bet I, bet I make you weak
Bet I make you weak, bet I, bet I make you weak

I got you weak in your knees, you can hardly speak
Your body's outta control
What else do you want from me?
Just let me know (Let me know)
Come on ride on me if you ready to go
I'm a give you what you need, I'm a put on a show
I'm a take you up girl, you gone take me down
We can do the lame girl, we can turn them out
Oh baby why you're trying me
I'm not that nigga to be tried
It's the right time so let's make good loving
Drinks up on the rocks so you know what's coming
Even when the sun comes up, we keep going
So let's not waste no time
Let's not waste no time

Don't you know now is the perfect time to set the mood
So baby come stay with me
Tonight girl it's all on you
I'm a show you what I came to do
I Bet I...
Bet I make you weak, bet I, bet I make you weak (This is the perfect time)
I'll make you weak
Bet I, bet I make you weak (This is the perfect time)

I Bet I make you weak first time all in your knees

I got my tongue all over your body
Making it hard to speak
If you single like I'm single, then we can cheat whenever
But if you got a man, then baby act like you know better
And if you single like I'm single,
Then we can cheat whenever
But if you got a man, baby act like you know better
Cause you know he gonna call you
And you know he gone text
She looking for a man
She ain't looking for no stress
