

Both Sides

Jacquees

I'ma make you fall in love (In love)
Shawty here I am (I am)
I'm all in
Everytime I wanna see you, shawty, you with your friends
Playin' both sides (Sides)
You said you'd be mine tonight (Tonight)

We ain't got no curfew
Tryna get all this daylight
No I ain't tryna rush you
Tryna see what your day like
That's my favorite perfume
Tryna see what it tastes like (Take flight)
I'm tryna book you a ticket and fly you out late night (Late night)
You got me choosing those blue jeans
Got you fluent, now we're cruising

I'll do whatever you want me to do to you
Fuck all the hula hoops, I'm tryna get through to you (Do you wanna?)

I'ma make you fall in love (In love, in love)
Shawty here I am (I am)
I'm all in
Everytime I wanna see you, shawty, you with your friends
Playin' both sides (Both sides, both sides)
You said you'd be mine tonight (Tonight)

If you let me in, let me try
I promise I'll let you, have it your way
I promise I'll accept you and all of your ways
We get all the finer things, we in and out of lanes
Your friends gon' call but we gon' let it ring
You shot me, Cupid, you ain't no groupie
Fuck who you're with, baby you lead

I'll do whatever you want me to do to you
Fuck all the hula hoops, I'm tryna get through to you (Do you wanna?)

I'ma make you fall in love (Yes I'ma make)
Shawty here I am (I am)
I'm all in (I'm all in)
Everytime I wanna see you, shawty, you with your friends
Playin' both sides (You said, you said)
You said you'd be mine tonight (Tonight, tonight)

I'ma make you fall in love
Baby you're my lover, you're my lover
I'ma make you fall in love
Baby you're my lover, you're my lover
I'ma make you fall in love
Baby you're my lover, you're my lover
