Yeah, she see money all around
Oh but of course
Fuck you thought nigga
Shit, yeah

She see money all around me
I look like I'm the man
But I was down and out just last week
Tell me where have you been
You came out of hiding girl
Girl don't act like I'm your man
You don't hold no rank, hold no rank
Don't hold no rank [x5]

You see money all around yeah
Hundreds all around yeah
I take dollar, euro, pounds
Fuck a hug or dap or pound
Got that loud that's so astounding
Dripping, wrist is frozen fountain
Splash drip how she sound
You can't swim then you gone drown
And I know the circus ain't in town
Then why these goofy niggas clownin
My new bitch call her pookie
She like New Jack, Teddy Riley
She so pretty, love her face
But she mistake it for a heart
Always tell me not to break it
Achy breaky, shout out to Miley
Ooo, she on her Billy Ray Cyrus
She said beat the pussy up like she promoting violence
All this money on me she think I'm the man
And when I look in the mirror
Damn I see what she saying

She see money all around me
I look like I'm the man
But I was down and out just last week
Tell me where have you been
You came out of hiding girl
Girl don't act like I'm your man

Don't hold no rank [x5]
