

Down With You

Jacquees

I know that you might just think that I could be
The type of nigga you could depend on
'Cause when you look at me, I can't tell if you see
That I'm the type of guy that'll never waste your time

I swear my love is true (Love is true)
I'll never play with' you (With' you)
Don't get me wrong but, girl, you know what I'm feeling is strong
The more we talk, I've been cool (Ooh, oh)
I might just proudly love you (Love you)
I thought that was for me but I'm back to you

I wanna be with' you
But I ain't got a lot to prove
I wanna be with' you
I ain't got a lot to prove (Lot to)
You know it's time ('ime)
For us to live in our truth (Oh, yeah)
I wanna be with' you (You)

I heard 'bout you being at home, you're lonely
Thinking you ain't got no one to care for
I know all you need is me and my presents
Oh, I'll be home but you need it more (More)
You and me for life, baby, oh

I swear my love is true (I swear my love is true)
I'll never play with you (With' you)
Everything might feel it's getting here before you (Getting)
I wanna be by your side (Side)
I'll never take a day off
To let you know that you're the one for me, yeah

I wanna be with' you
But I ain't got a lot to prove
I wanna be with' you (With' you)
I ain't got a lot to prove (Lot to)
You know it's time ('ime)
For us to live in our truth (Oh, yeah)
I wanna be with' you (You, you)
