

Exotic, (Rich Gang)

What you know about the barber shop boys, know [?] type shit. You know what I'm saying? [?]

It's 7 o'clock on the dot, I'm riding shotty
Foot on the gas, I'm tryna get you baby
Tell me, girl, are you ready?
It's a long way down, I made it far from watching for the cops
GPS keep fucking up, I'm tryna find your spot
I know damn well I'm right around the corner
I'm bringing some good girl I know that you a stoner

They jugging hard on the south side
Get [?] on the west side
Make plays on the north side
None of 'em like my side
Come get your love on the east side
Come get your love on the east side
They jugging hard on the south side
Get [?] on the west side
Make plays on the north side
None of 'em like my side
Come get your love on the east side
Come get your love on the east side

On the east side throwing peace signs
Swerving lane to lane in 'Quees ride
Say my name again, make you scream twice
And that nine stay on me, make your man think twice
I take you on that other side and put you on some shit
I let you watch me gamble, show you how I make a flip
You know damn well your man don't want it
All the shots to make you jump up on it

They jugging hard on the south side
Get [?] on the west side
Make plays on the north side
None of 'em like my side
Come get your love on the east side
Come get your love on the east side
They jugging hard on the south side
Get [?] on the west side
Make plays on the north side
None of 'em like my side
Come get your love on the east side
Come get your love on the east side
