

## Favorite One

Jacquees

I'mma light your fire if you let me light  
Yeah, you the type I like, I'll pay the price  
Couldn't spin the block once, had to spin it twice  
Know you my favorite one, yeah, you my favorite one, my favorite one

You're all I need, I promise, yes I know I'm all you needing to  
o  
Who's better than me, be honest?  
Ain't nobody gonna do it how we do  
You know there's no way around it, me and you  
I'm thinking about it, I can't hide how I'm feeling about ya  
Let's take some steps to get back to where we was

I'm so into you, I know you're feeling me too  
Switch locations, change the mood  
Ain't no ceilings on what we do

I'mma light your fire if you let me light  
Yeah, you the type I like, I'll pay the price  
Couldn't spin the block once, had to spin it twice  
Know you my favorite one, know you my favorite one, my favorite one

Don't nobody make me feel like you do, you do  
Got them all wondering who's who?  
If we don't keep it going, it's a lose, lose  
No matter how it goes, gotta do you

But I can't help how I feel  
I'm so into you, I know you're feeling me too  
Switch locations, change the mood  
Ain't no ceilings on what we do  
Ain't no ceilings on what we do

I'mma light your fire if you let me light  
Yeah, you the type I like, I'll pay the price  
Couldn't spin the block once, had to spin it twice  
Know you my favorite one, yeah, know you my favorite, my favorite one
