

# Go So Deep

Jacquees

With your legs in the air (Air)  
Go, go so deep (Go)  
Yeah  
With your legs in the air (Wassup?)  
I'ma go, go so deep (Go)  
Go, go so deep (Yeah, Fuck a Friendzone 2)

Top down, lowkey with your legs in the air  
I'ma go, go so deep (Go)  
Go, go so deep (Yeah)  
Your seat laid back and your legs in the air  
I'ma go, go so deep (What?)  
Go, go so deep  
Foot on the gas, come let me rock you to sleep  
I'ma go, go so deep (No, no, no)  
Go, go so deep  
Come charge your body, let me rock you to sleep  
I'ma go, go so deep (No, no, no)  
Go, go so deep (DeJ)

Fuck tryna creep (Yeah)  
I know what you need (I do)  
Some TLC (You know it, come here)  
That's "tender, love, and care" (What?)  
You know that I was there (I was)  
For everything you'd ever need (Ever need, everything)  
Where did all the time go? (What?)  
We live in different time zones (That's crazy)  
I went at 6, but you was 9 with me (That's real)  
I gotta see  
Where your head be  
Don't go switching gears on me

Top down, lowkey with your legs in the air (In the air)  
I'ma go, go so deep (So deep)  
Go, go so deep (Yeah)  
Your seat laid back and your legs in the air (Air)  
I'ma go, go so deep (Deep)  
Go, go so deep (Yeah)  
Foot on the gas, come let me rock you to sleep (Sleep)  
I'ma go, go so deep (No, no, no, deep)  
Go, go so deep (Deep, yeah)  
Come charge your body, let me rock you to sleep (Sleep)  
I'ma go, go so deep (No, no, no)  
Go, go so deep (Deep)

How 'bout you put it in park in the middle of the street?  
You make me weak, yeah, you make me weak (In the knees)  
Twisting your neck with your dreads in my hand  
Don't got nowhere, don't go nowhere  
I'll ride it from the front and the back all night  
If that's what you need, baby, say please (All night)  
Windows tinted, they can't see up in here  
Push it inside while I'm screaming in your ear

Top down, lowkey with your legs in the air (In the air)  
I'ma go, go so deep (So deep)

Go, go so deep (Yeah)  
Your seat laid back and your legs in the air (Air)  
I'ma go, go so deep (Deep)  
Go, go so deep (Yeah)  
Foot on the gas, come let me rock you to sleep (Sleep)  
I'ma go, go so deep (No, no, no, deep)  
Go, go so deep (Deep, yeah)  
Come charge your body, let me rock you to sleep (Sleep)  
I'ma go, go so deep (No, no, no)  
Go, go so deep (Deep)

I got what you want, I got what you need  
I got what you want, I got what you need  
I got what you want, I got what you need (Yeah)  
(I got what you need)  
I got what you want  
I got what you need  
Go, go so deep (Go so deep)  
Top down, lowkey with your legs in the air  
I'ma- (Mm, mm)  
Go deep
