

Handcuff

Jacquees

Do you understand, what I'm a do to you
Can I get through to you, I'm in a pursuit of you
You could get comfortable, now tell me what's good to you
After all I'm a fool for you, after all I'm a fool for you
Don't know much but I got sense
Enough to keep you in my fence

I be so stupid to leave you, leave you

I'm gone handcuff
If you with it baby I'm gone handcuff
Put your hands on me I'm a have to handcuff
Put your hands on me I'm a have to handcuff
Shawty you know, I'm gone handcuff
If you with it baby I'm gone handcuff
Put your hands on me I'm a have to handcuff
Put your hands on me I'm a have to handcuff
Shawty you know

Your touch tell me you're that special lady
In two, three years I'm tryna have a baby
I'm too much girl I could drive you crazy
My truck tinted, come get in it
Baby I could be your peace of mind
Jump in my backseat, this could be your perfect ride
I don't know what you're telling yourself
But you gone be upset at yourself, if you miss out
I ain't gone let you miss out

I'm gone handcuff
If you with it baby I'm gone handcuff
Put your hands on me I'm a have to handcuff
Put your hands on me I'm a have to handcuff
Shawty you know, I'm gone handcuff
If you with it baby I'm gone handcuff
Put your hands on me I'm a have to handcuff
Put your hands on me I'm a have to handcuff
Shawty you know
