

Hold You Up

Jacquees

I just wanna hold you up
I just wanna figure you out
I just wanna make you mine
I'm drowning right now
Can you save my life
Well I'll be your Superman
And girl I don't give a damn
Cause my heart is open
And girl you got me open

In love with the way that we ride
Plus I'm in love with your size
Tell me I'm yours and you're mine
I see the love in your eyes
Who said we wouldn't be here
They can't stand it but we here
Dej I'll stay true
Cause I been looking for you
Just gimme your heart
I promise you'll never fall
Put you on top of this pedestal

I just wanna hold you up
I just wanna figure you out
I just wanna make you mine
I'm drowning right now
Can you save my life
Well I'll be your Superman
And girl I don't give a damn
Cause my heart is open
And girl you got me open

I really love you
I love you Deja
Been wanting it for so long
Why didn't you say something
You coulda had the key to my whole heart
And I ain't looking at his charm
Oh lord, I'm impressed by his charm
Jacquees put Dej in your arms
Let's, make it, make it more than ever
You make me, feel it more than ever
It's the simple things we do
Don't force it

I just wanna hold you up
I just wanna figure you out
I just wanna make you mine
I'm drowning right now
Can you save my life
Well I'll be your Superman
And girl I don't give a damn
Cause my heart is open
And girl you got me open

I just wanna hold you up
I just wanna figure you out

I just wanna make you mine
I'm drowning right now
Can you save my life
Well I'll be your Superman
And girl I don't give a damn
Cause my heart is open
And girl you got me open
