

# I Wanna Know

Jacquees

Hey Quees  
I think you gotta talk that talk to 'em  
Yeah, yeah  
It's 'bout that time again  
Gangsta (Gangsta)  
Please let 'em know where you come from  
Woah, yeah, alright, oh  
You know, woah, ooh, woah, oh  
Mr. Thanksgiving, ay, you remember?

Girl, I remember the beginning  
Way before these dollar signs  
I told you one day I'd be winnin'  
And you stayed down for the ride  
Let's take it to another level  
It might take some sacrifice  
I know we friends, but let's be lovers  
Whatever problem yours is mine

'Cause I wanna see (I wanna see)  
Where we'd be (Where we would be)  
If we live out our fantasy  
I wanna see what life would be  
With just you and me  
I'd like to see, yeah  
I know all the things that'll make you smile  
So, promise to never be the one  
Who let you down (Let you down, baby, yeah)

Girl, I'll be all the man that you'll ever need, yeah, ooh-wee  
And I'll never want another, you're all I need, yeah, oh, oh  
Baby, I'm the type of man that'll put you first, oh, ooh  
I heard about you gettin' hurt and girl, I was concerned, so

So I wanna see (I wanna see)  
Where we'd be (Where we would be)  
If we live out our fantasy (Our fantasy)  
I wanna see what life would be  
With just you and me (I wanna see)  
I'd like to see, yeah  
I know all the things that'll make you smile (Tell me)  
Promise to never be the one  
Who let you down (I wanna see, I wanna see)

Let's live in our fantasy, just us two  
Put no limits on the things we'd do (We'd do)  
Do my best to try to make you happy  
Whatever I got, bae, you got it too (Got it too)  
Let's live in our fantasy, just us two (Just us two)  
Put no limits on the things we'd do (We'd do)  
I do my best to try to make you happy  
Whatever I got, bae, you got it too

I wanna see (I wanna see)  
Where we'd be (Where we would be)  
If we live out our fantasy  
I wanna see what life would be

With just you and me  
I'd like to see, yeah  
I know all the things that'll make you smile  
So, promise to never be the one  
Who let you down (I wanna see, I wanna see)
